

ECO 2023 | JOIN US FOR THIS LIVE SYMPOSIUM!

# What Matters to Patients: Metabolic Health Beyond Weight Loss

Chaired by Prof Jason Halford, this symposium will guide us through the evolving landscape of metabolic health management in obesity.

## LEARNING OBJECTIVES

- Describe global incidence of obesity and limitations of existing pharmacological approaches
- Recall pre-clinical data for emerging dual GLP-1/GCGR agonists in obesity
- Recall clinical and safety data from dual GLP-1/GCGR agonists in obesity
- Discuss the potential clinical impact of novel obesity agents such as dual GLP-1/GCGR and triple GLP-1/GCGR/GIP agonists
- Describe a standardised approach toward patient reported outcomes in obesity

17 MAY 2023 | 16:15 - 17:45 IST  
LIFFEY HALL 1

With Prof Jason Halford, Dr Lee Kaplan, Prof Filip Knop,  
Dr Fatima Cody Stanford and Susie Birney
